

# Now hiring!

**ABBEY**  
MACHINERY  
*since 1947*

## OEM Apprenticeships at Abbey Machinery

Participating in an OEM Apprenticeship with Abbey Machinery means working across a range of engineering disciplines while using components and processes to assemble, manufacture and support original equipment.

Graduates of the OEM Apprenticeship will have the opportunity to progress into supervisory and management roles.

At Abbey Machinery we have a strong focus on the growth and development of our employees through apprenticeships, leadership and management development training programs and specialized training courses. Abbey Machinery values self-motivated, good-natured candidates who are interested in growing their career with Abbey.
